

STONE  
Homewares  
& Furniture

*Add a touch of warmth + beauty  
to your home or office with the AMS Surfaces  
stone homewares + furniture collection!*

Our stone products are hand-crafted.  
**Each piece is different.**

We hope you love the unique beauty  
of your piece as much as we do!

WHITE, Quartz -  
Charcoal timber base

## THE AMS EVOLUTION.

**AMS Surfaces Homewares** is the craft work of the team behind AMS Surfaces and Adelaide Marble. It is an online shop conceived through a love of stone, timeless design and the desire to create a new market in the do it yourself homewares sector, AMS Surfaces Homewares is the evolution from manufacturing to design.

The AMS Surfaces Homewares concept is simple – to deliver beautiful, affordable designer stone homewares but with the added option being able to provide multiple options of design to meet the needs of the AMS client. This is where the ‘design your own’ concept was born; providing the opportunity to

create your own side table, coffee table and more by choosing your stone type, colour and base, it is the perfect option for anyone to create their own individual piece to match it with their own interior and style.

We are excited to be offering the AMS Surfaces Homewares range to you. Borne by our clients’ needs, a love of design, and the extraordinary experience to provide you with something different and we hope you love the unique beauty of your piece as much as we have had creating it.

**- The AMS Team.**

## THE 'DESIGN YOUR OWN' CONCEPT

The concept was created to provide multiple options for design and meet the needs of the AMS client. Create your own contemporary or industrial look from the AMS Surfaces Homewares range, including: side tables, coffee tables, dining tables and more. It's simple - choose your stone type, colour and base and add to the cart! Perfect for anyone wanting to create their own individual piece to match it with their own interior and style.

# ASSEMBLY INSTRUCTIONS

## SIDE TABLE EXAMPLE

### PARTS SUPPLIED

1. Stone top

(Example only)

2. Mini tube of silicone

### SAFETY

- Stone material is heavy, handle stone top with care.
- Apply silicone in a ventilated area and keep away from children.
- Wearing gloves squeeze silicone tube by hand, ensure the top is pierced.
- Do not inhale or ingest silicone. Please seek medical attention if this occurs.
- If silicone contacts your skin, wash thoroughly with soap and water.
- If silicone makes contact with your eyes, promptly wash with plenty of water lifting the eye lids. Continue to rinse and seek medical attention immediately.
- Use two hands to move and position table. Do not stand on table.

### ASSEMBLY

1. Place stone top face side down.
2. Timber bases: Cross timber legs and insert the screw into the bottom hole and tighten.  
Steel bases: No assembly required.
3. Get your table base (timber or steel), turn it upside down and place it on your stone top and mark using a pencil where the centre is.
4. Turn your table base up right. Wearing gloves open the silicone by removing the cap and squeeze a generous amount on top of the table base.
5. With your table top still face side down, place your table base in the centre on top of your top. Ensure the silicone is on the stone and press firmly.
6. Wait 18 hours for table to dry.
7. Your table is ready to use.

# HOW TO PURCHASE + CUSTOMER SERVICE

## ONLINE ORDERING

AMS Surfaces Homewares is an online shop and all furniture and homewares are purchased online at: [shop.amssurfaces.com.au](https://shop.amssurfaces.com.au)

If you are experiencing any issues ordering your desired product, please contact us at: [info@amssurfaces.com.au](mailto:info@amssurfaces.com.au)

## WHOLESALE AND TRADE

For all wholesale or trade enquiries please send us an email at: [info@amssurfaces.com.au](mailto:info@amssurfaces.com.au) and we'll be in touch.

## SHIPPING

We ship Australia wide. Unfortunately, at this time we do not ship Internationally. Please note, we are a warehouse and we can not accommodate any order collections.

Dispatch of goods is within 7-10 working days of order from our Adelaide Warehouse (SA only). All other states, allow 2 weeks from your online order to door delivery. As soon as your order is dispatched you will receive tracking information via email. This dispatch and delivery estimates allow for public holidays and unforeseen minor delays.

We are unable to deliver to PO Boxes and Parcel Lockers. Although we highly recommend signing for all packages, if you do specify "Authority to Leave" or any instructions to leave your order, and the package goes missing, we will not be held responsible for any lost orders.

For full shipping details please visit: [shop.amssurfaces.com.au/shipping-and-customer-service](https://shop.amssurfaces.com.au/shipping-and-customer-service)

## QUALITY GUARENTEE

AMS Surfaces takes quality very seriously. We manufacture our products using only the highest quality stones, timber and steel. When you see our Quality Guarantee you can be assured that your new purchase won't fall apart and will last you years to come. All products are inspected by us before being shipped. In the unlikely event a product arrives faulty or damaged we will refund upon return of the goods to our warehouse. *Please note: this does not include colour variations or veining as stipulated on our website.*

## FAQ'S

### Do you have a store where I can view your products before purchasing?

At this stage AMS Surfaces Homewares is online only and we do not have a shop front. Rest assured we take quality very seriously. We manufacture our products using only the highest quality stones, timber and steel. All our products are backed by our Quality Guarantee.

## RETURNS & REFUNDS POLICY

To see return policy please visit: [shop.amssurfaces.com.au/shipping-and-customer-service](https://shop.amssurfaces.com.au/shipping-and-customer-service)

# CARE AND MAINTENANCE

Follow these cleaning tips and treat your AMS Homewares product with love, and your piece should be a long-lasting beauty.

## MARBLE & GRANITE CARE

Maintaining natural stone is easier if the product has been sealed (see natural stone sealing right). General cleaning using pH neutral cleaners or mild detergent with warm water are the preferred products to use, with a microfibre cloth for drying. All spillages should be cleaned immediately by blotting the spill and flushing the area with water and mild soap and rinsing several times. Avoid applying heat (i.e items from ovens) directly onto the surface of natural stone.

## QUARTZ CARE

For everyday, routine cleaning we recommend wiping the surface with warm soapy water (a mild detergent) and a clean damp cloth. Do not use the cloth you use to wash the dishes, as it may transfer oils and other contaminants to the surface.

For any marks that do not come out by using warm soapy water, we recommend Jif with micro-particles (non abrasive cream cleanser), use a small amount with water and apply to the surface and clean with a soft sponge, then flush with water to take the cream cleanser off the surface.

Quartz is virtually non-porous, it will keep its gloss and ultra smooth surface which never needs polishing or sealing. Never attempt to polish the surface and avoid prolonged rubbing in one spot when cleaning.

As with any surface, Quartz and Terrazzo can be permanently damaged by exposure to strong chemicals and solvents that undermine its physical properties. Do not use products that contain trichlorethane or methylene chloride, such as paint removers or stripper. Avoid all contact with highly aggressive cleaning agents like oven cleaners that have high alkaline/pH levels. Should the surface be accidentally exposed to any of these damaging products, rinse immediately with water to neutralize the effect.

Avoid applying heat (i.e items from ovens) directly onto the surface of natural stone as it can mark or damage the surface.

## TERRAZZO CARE

Maintaining terrazzo is easier if the product has been sealed (see below). General cleaning using pH neutral cleaners or mild detergent with warm water are the preferred products to use, with a microfibre cloth for drying. All spillages should be cleaned immediately by blotting the spill and flushing the area with water and mild soap and rinsing several times.

## TIMBER BASE CARE

All timber bases are oak and have a Rubio colour coating applied to the surface to obtain a natural finish and protect the timber.

To clean use a microfiber cloth to wipe down the surface, no other products are recommended. Do not use any oils or general timber care products on the surface.

Your timber base table is recommended for indoor use only.

## STEEL BASE CARE

Your steel base has been finished with a black matt painted coating. Clean your steel base using a microfiber cloth only. No other cleaning products should be necessary.

## NATURAL STONE SEALING

Natural stone (including marble, granite and terrazzo) products are recommended to be sealed. Sealing acts as a barrier, which is designed to prevent immediate penetration of liquids into the stone, providing an opportunity to remove the substance, before it stains the stone.

Please note: Sealing does not mean stain proof. Sealing may protect the stone from liquid penetration, but not completely protect the stone from etching. Etching is acidic liquids (as lemon juice, orange juice, tomato)- reacting to the stone (more prone in marble, which is softer in character)- eating away at the stone, creating dull spots. Effectively sealing the stone, and with careful maintenance, etching can be minimized.

## DO I NEED TO SEAL MY STONE TABLE TOP OR CHOPPING BOARD?

### MARBLE & TERRAZZO

Both your marble and terrazzo table tops and chopping boards have been sealed in the manufacturing process. Clean as per instructions. If you would like to re-seal your stone surface, we recommend Dry Treat Stain Proof please visit [www.drytreat.com.au](http://www.drytreat.com.au) to purchase the sealer.

Sealing does not prevent etching. Etching occurs by acidic products penetrating into the surface of the stone (see natural stone sealing).

## GRANITE

Your granite table top and chopping board comes unsealed. Although not mandatory, it is recommended you seal your granite to prolong the life of your top and provide opportunity to clean a spill before it penetrates the stone and stains, we recommend Dry Treat Stain Proof sealer, please visit [www.drytreat.com.au](http://www.drytreat.com.au) to purchase the sealer.

## QUARTZ

Your quartz table top or chopping board does not require sealing. Clean as per instructions.

## WILL MY STONE PIECE STAIN?

Your stone is stain resistant. Staining occurs when spillages have been left on the surface for an extended amount of time. We recommend following the care and maintenance instructions and cleaning your stone immediately after any spillages occur.

Natural stone can etch even if the piece is sealed. Etching is from acidic products as lemon and vinegar, sealing does not prevent etching.

## CAN MY STONE BREAK?

Your stone can break if extreme heat is placed directly on to the surface or if dropped. We recommend care with handling and to avoid direct heat from ovens.

Your stone can chip. Chipping can occur from items dropping on to the surface.

## THE TIMBER IS LOOKING DRY-WHAT CAN I DO?

If your timber is looking dry, we recommend using the Rubio Monocoat Refresher spray. This can be purchased online from [www.rubiomonocoat.com.au](http://www.rubiomonocoat.com.au). We do not recommend any generic timber cleaning products.

**We hope you love the unique beauty of your piece as much as we do!**

Please visit: [shop.amssurfaces.com.au/stone-care](http://shop.amssurfaces.com.au/stone-care) for up-to-date care and maintenance information
